To whom it may concern

It is my pleasure to recommend the services of Westlund Industrial. During the past seventeen of my years here at Wellons and many prior to that, our two companies have enjoyed a very valuable partnership which has been a key for success within our marketplace. Westlund has always been at the top of their game in terms of customer service and offers top notch quality and competitive pricing. I look forward to many more years working with Westlund.

Yours truly
Wellons Canada Corp.
